EXPERIENCE

Desai Technology, Navsari, Gujarat 10/2024 - 06/2025

Full Stack Developer Intern

- Built a Trust Management Web Application digitizing donations, scholarships, matrimonial services, demise records, and hall bookings.
- Developed responsive UIs with Vue.js, Nuxt.js, and Tailwind, using reusable components like forms, dashboards, and tables.
- Implemented backend APIs with Fastify (Node.js) and MongoDB, integrating JWT authentication and role-based access.
- Integrated Razorpay payment gateway and WhatsApp BSP API for secure transactions and real-time notifications.

AlphaDev Infotech, Ahmedabad, Gujarat 12/2023 - 06/2024

Web Development Intern

- Built and optimized applications using React.js, Next.js, Node.js, and JavaScript, improving responsiveness and usability.
- Designed and implemented responsive user interfaces with CSS and Tailwind CSS, enhancing accessibility and crossplatform compatibility.
- Collaborated with cross-functional teams to integrate front-end and back-end components, ensuring seamless functionality and efficient workflows.
- Implemented RESTful APIs and database queries to improve scalability and user interaction.

Technoheaven Consultancy Pvt. Ltd, Bilimora, Gujarat 06/2023 - 12/2023

Web Developer Intern

- Contributed to product development with ASP.NET (C#), HTML, CSS, SQL, and Web API.
- Create Authentication (Registration and Login Page), Demo Projects.
- Designed web pages, Fetching Apis and different small tasks.

ACADEMIC PROJECTS

E-commerce Website

- Collaborated with a group to develop a full-featured e-commerce website using Next.js, enhancing user experience.
- Implemented features for users to create profiles, place orders, and track order statuses.
- Designed and developed an admin dashboard for product management, order tracking, and customer data handling.

Login-Signup (JEST)

- Created a secure authentication system with signup, login, and profile management.
- Applied bcrypt.js for password encryption and JWT for session handling.
- Conducted unit testing using JEST to validate functionality and improve reliability.

Hotel-Booking Webpage

- Designed a single-page responsive booking interface displaying hotel reviews, room details, and facilities.
- Delivered a modern UI optimized for mobile and desktop viewing.
